

PET DOCTOR

6464 N. ORACLE ROAD

829-5166

HOSPITAL HOURS 8AM -12PM AND 2PM - 6PM MONDAY- FRIDAY

SATURDAY 8AM-12P

BLAND DIET FOR YOUR PET:

Use chicken or ground beef. It must be boiled to remove any fat that is on the meat. Strain the meat to clean it after it is cooked (boiled)

Cooked rice (brown rice is fine)

Use equal amounts of rice and meat to feed. Feed small amounts throughout the day for 2 to 3 days then mix with regular diet to get back to a regular feeding pattern.

It is ok to use plain yogurt or cottage cheese to add flavor to the bland diet mixture
